Mr. Nathan Rix
Founder and Lead Consultant
Aviation Youth Empowerment Foundation

Dear Mr. Rix,

The General Aviation Manufacturers Association (GAMA) is proud to support the Aviation Youth Empowerment Foundation (AYEF) and your important efforts to foster an aviation industry inclusive of students from diverse and historically underrepresented backgrounds.

The AYEF Scholarship Program will help to give women and Black, Indigenous, and people of color the opportunities they deserve to pursue careers in the aviation industry. GAMA exists to foster and advance the general welfare, safety, interests and activities of the global business and general aviation industry. Our industry offers a variety of exciting careers in manufacturing, maintenance, repair and operation of aircraft, and plays an essential role in economic growth and opportunity, and serving critical transportation needs of communities, companies, and individuals worldwide. Racial and gender diversity and empowering youth is key to strengthening and advancing general aviation.

We appreciate the work AYEF is doing to break down barriers to aviation education opportunities for underrepresented talent and we are excited to learn more about your work as you continue in this mission.

Respectfully,

A handwritten signature in black ink, appearing to read 'Peter J. Bunce', is positioned below the word 'Respectfully,'.

Peter J. Bunce
